### C. BARRY BUTLER PROMOTED TO VICE PRESIDENT

Mountain View, Calif.—March 11, 2004—**C. Barry Butler, P.E., G.E.**, a senior principal geotechnical engineer with Lowney Associates, a TRC Company, was promoted to Vice President. He oversees the firm's Mountain View, Fairfield, Oakland, San Ramon, and Fullerton area geotechnical teams.

Mr. Butler has over 18 years of experience in geotechnical engineering and has been a leader in Lowney's geotechnical group for almost 8 years. He is a member of several professional associations including: American Society of Civil Engineers, American Public Works Association, California Geotechnical Engineers Association, Consulting Engineers and Land Surveyors of California, Home Builders Association, and Structural Engineers Association of Northern California.

His representative project management experience in the San Francisco Bay Area includes:

- Cisco Site 7, Coyote Valley, San Jose
- ALZA Headquarters, Mountain View
- Electronics For Imaging HQ, Foster City
- River Corporate Center, San Jose
- The Concourse at San Jose International, San Jose
- Santa Clara Valley Medical Center Hospital Replacement, Santa Clara County
- Tasman Corridor Light Rail, Santa Clara County

**About Lowney Associates:** Founded in Santa Clara County in 1969, Lowney Associates, a TRC Company, provides geotechnical and environmental engineering services. The firm specializes in geotechnical engineering, environmental site assessments and cleanups, and construction services. With office locations in Mountain View, Fairfield, Oakland, San Ramon and Fullerton, Lowney provides services throughout California and the West.

**About TRC Companies, Inc.:** One of Forbes Top 200 Best Small Companies and Business Week's Top 100 Hot Growth Companies for 2002, TRC is a customer-focused company with 2300 staff. TRC creates and implements innovative solutions to the challenges facing America's environmental, infrastructure, power, and transportation markets. The company is a leading provider of technical, financial, risk management, and construction services to both industry and government clients across the country.
